

CANCELING A PROCEDURE

If you want to cancel a procedure, you must press the remote control **Cancel** or **View** button before you do the last step of the procedure. If pressing the **Cancel** or **View** button does not exit from the current menu, you must finish the procedure by selecting a menu option. You can use a couple of different methods to cancel a procedure:

- If you want to immediately return to watching a program, press the remote control **View** button.
- If you want to return to the previous menu, press the **Cancel** button.
- Wait a few minutes and the menu will automatically close, discarding any changes you have made.
