UPDATES

Your satellite receiver is set to turn itself off at 3:00 a.m. so that it can receive updates to the **Program Guide**. To change the update time, complete the following:

	Remote Buttons	Menu Options

1. Press the Menu button.

   MENU ≡

2. Press 8 to open **Preferences**.

   tuv 8

3. Press 5 to open the **Updates** screen.

   jkl 5

4. Highlight the **Activation** option.

5. Use the Up and Down Arrow buttons to select **Enable** or **Disable**.

   Note: If you disable this feature, no new **Program Guide** information will be available until the receiver is turned off.

6. Highlight the **Time Set** option.

7. Use the Number Pad buttons or the Up and Down Arrow buttons to set the time.

8. Highlight the **AM/PM** option.

9. Use the Up and Down Arrow buttons to select **AM** or **PM**.

10. Select **Done** to save the changes and exit this screen.

    Note: You can reset the changes you have made to the **Updates** feature by selecting **Defaults** before exiting this screen.
